Where is my parcel?

Input your parcel number here

Step 2: Select the compensation certificates

On the "Services" tab at the very bottom you will find the **"Compensation certificates"** section.

Click on it.

Step 3:

Redirection to ClimatePartner

Select your **customer number** and click on the field "Compensation certificate".

You will then be redirected to your individual customer page.

With ClimatePartner GLS compensates all greenhouse gas emissions that cannot yet be avoided through certified climate protection projects

Compensation certificate

Access to your compensation certificate

- End of day
- Sporadic pickup
- Invoices
- Export documents
- My tasks
- Compensation certificate**

We measure all of our greenhouse gas emissions according to the Greenhouse Gas Protocol. Our emissions are certified according to the DIN EN 16258 standard. GLS is continuously improving its emissions during parcel transport and delivery. In addition, we offset all emissions by supporting climate protection projects of our compensation partner ClimatePartner.

We thank all of our customers participating in the sustainable parcel shipping through compensation with GLS*.

In order to download your personalised certificate please select your Customer ID below.

*if you are interested in the compensation or in our Climate Protect programme in general, please contact your GLS sales representative.
